NOTES:

- "Network Optional Drop Songs" in this format give us the option of dropping records for show timing. If a song is dropped, there will still be either network sweepers and/or relays in place to trigger local ID's.
- Local Spots will be "covered" by national spots for affiliates who are not sold out.
- ALICE CONTENT will include any voiceovers, features or interviews.
- Additional sweepers may be added between songs for show timing. These will always be followed by RELAY 1.
